POPSICLE

The artist present in your hands likes to pass the time playing Anonymous artist even though there's probably a business card in this book. With his websites and credentials. When he isn't busy being pedantic, he can be found selling watercolor paintings, and comics above all. He likes to put his sketches in zines like this and meeting people. (sometimes)

What was
happening?

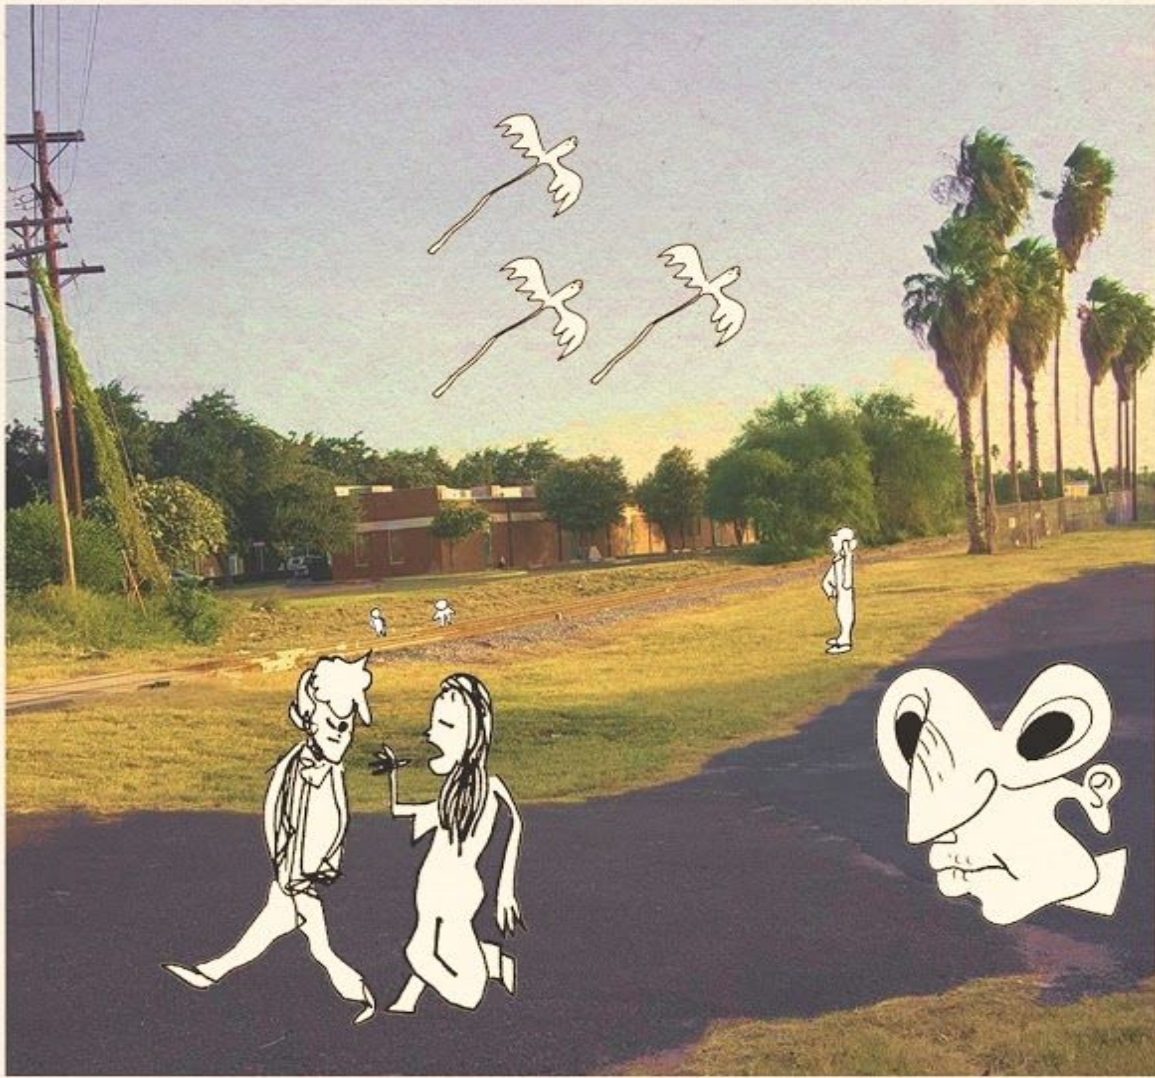

So, Trump thinks that
putting up a wall is going
to make some
kind a difference?

Doesn't he already
know that we put up
walls amongst
ourselves?

Are you
ever scared
of the things
that escape

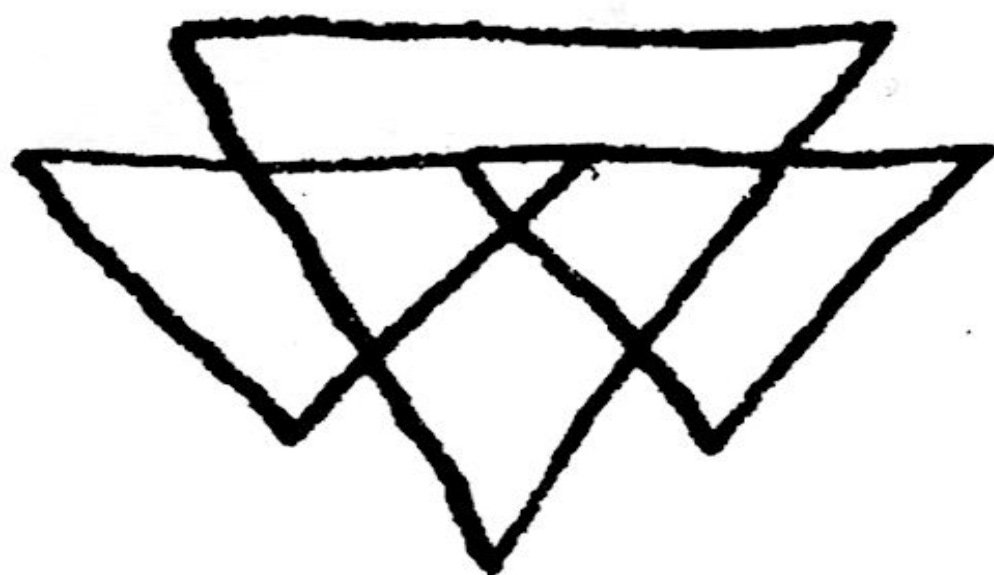

the
corners of

your
vision?

TO WE WHO BAND TOGETHER
AMONGST THE NATIONS OF THE WORLD
WE, WHO CAME UNDER ONE FLAG
NOW FIND OURSELVES ALONE
AND SPREAD THROUGHOUT THE LAND
AND HOPEFUL THAT ONE DAY
WITH PRIDE WE CAN PROCLAIM
OURSELVES A SINGLE PEOPLES

Well

The arms
do nothing
except
scream.

Except
arms
cannot
scream
because
they don't
have
mouths,
and that
would be
pretty dis-
turb-
ing.

A small
prayer went
out to the
little fingers
on each
hand, each
so special
and so prag-
matic.

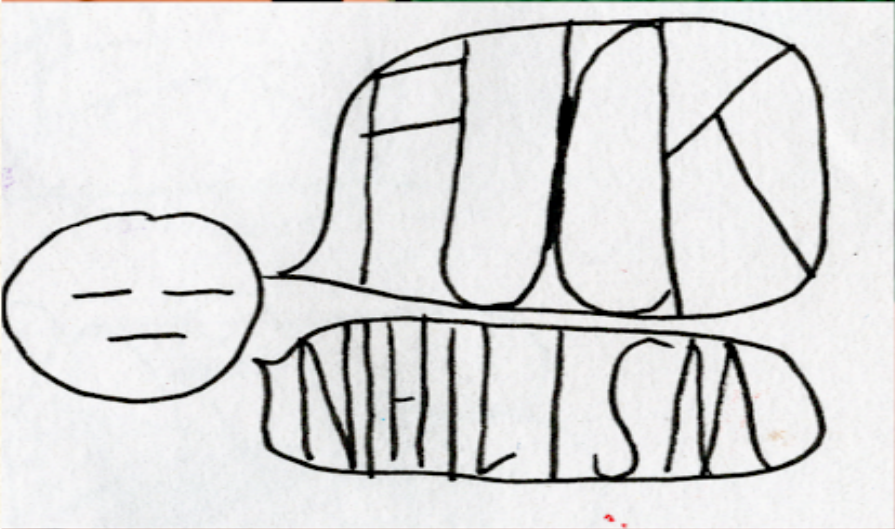

Those who
do not get
love are re-
incarnated
as toes, to be
stepped on
for all eter-
nity

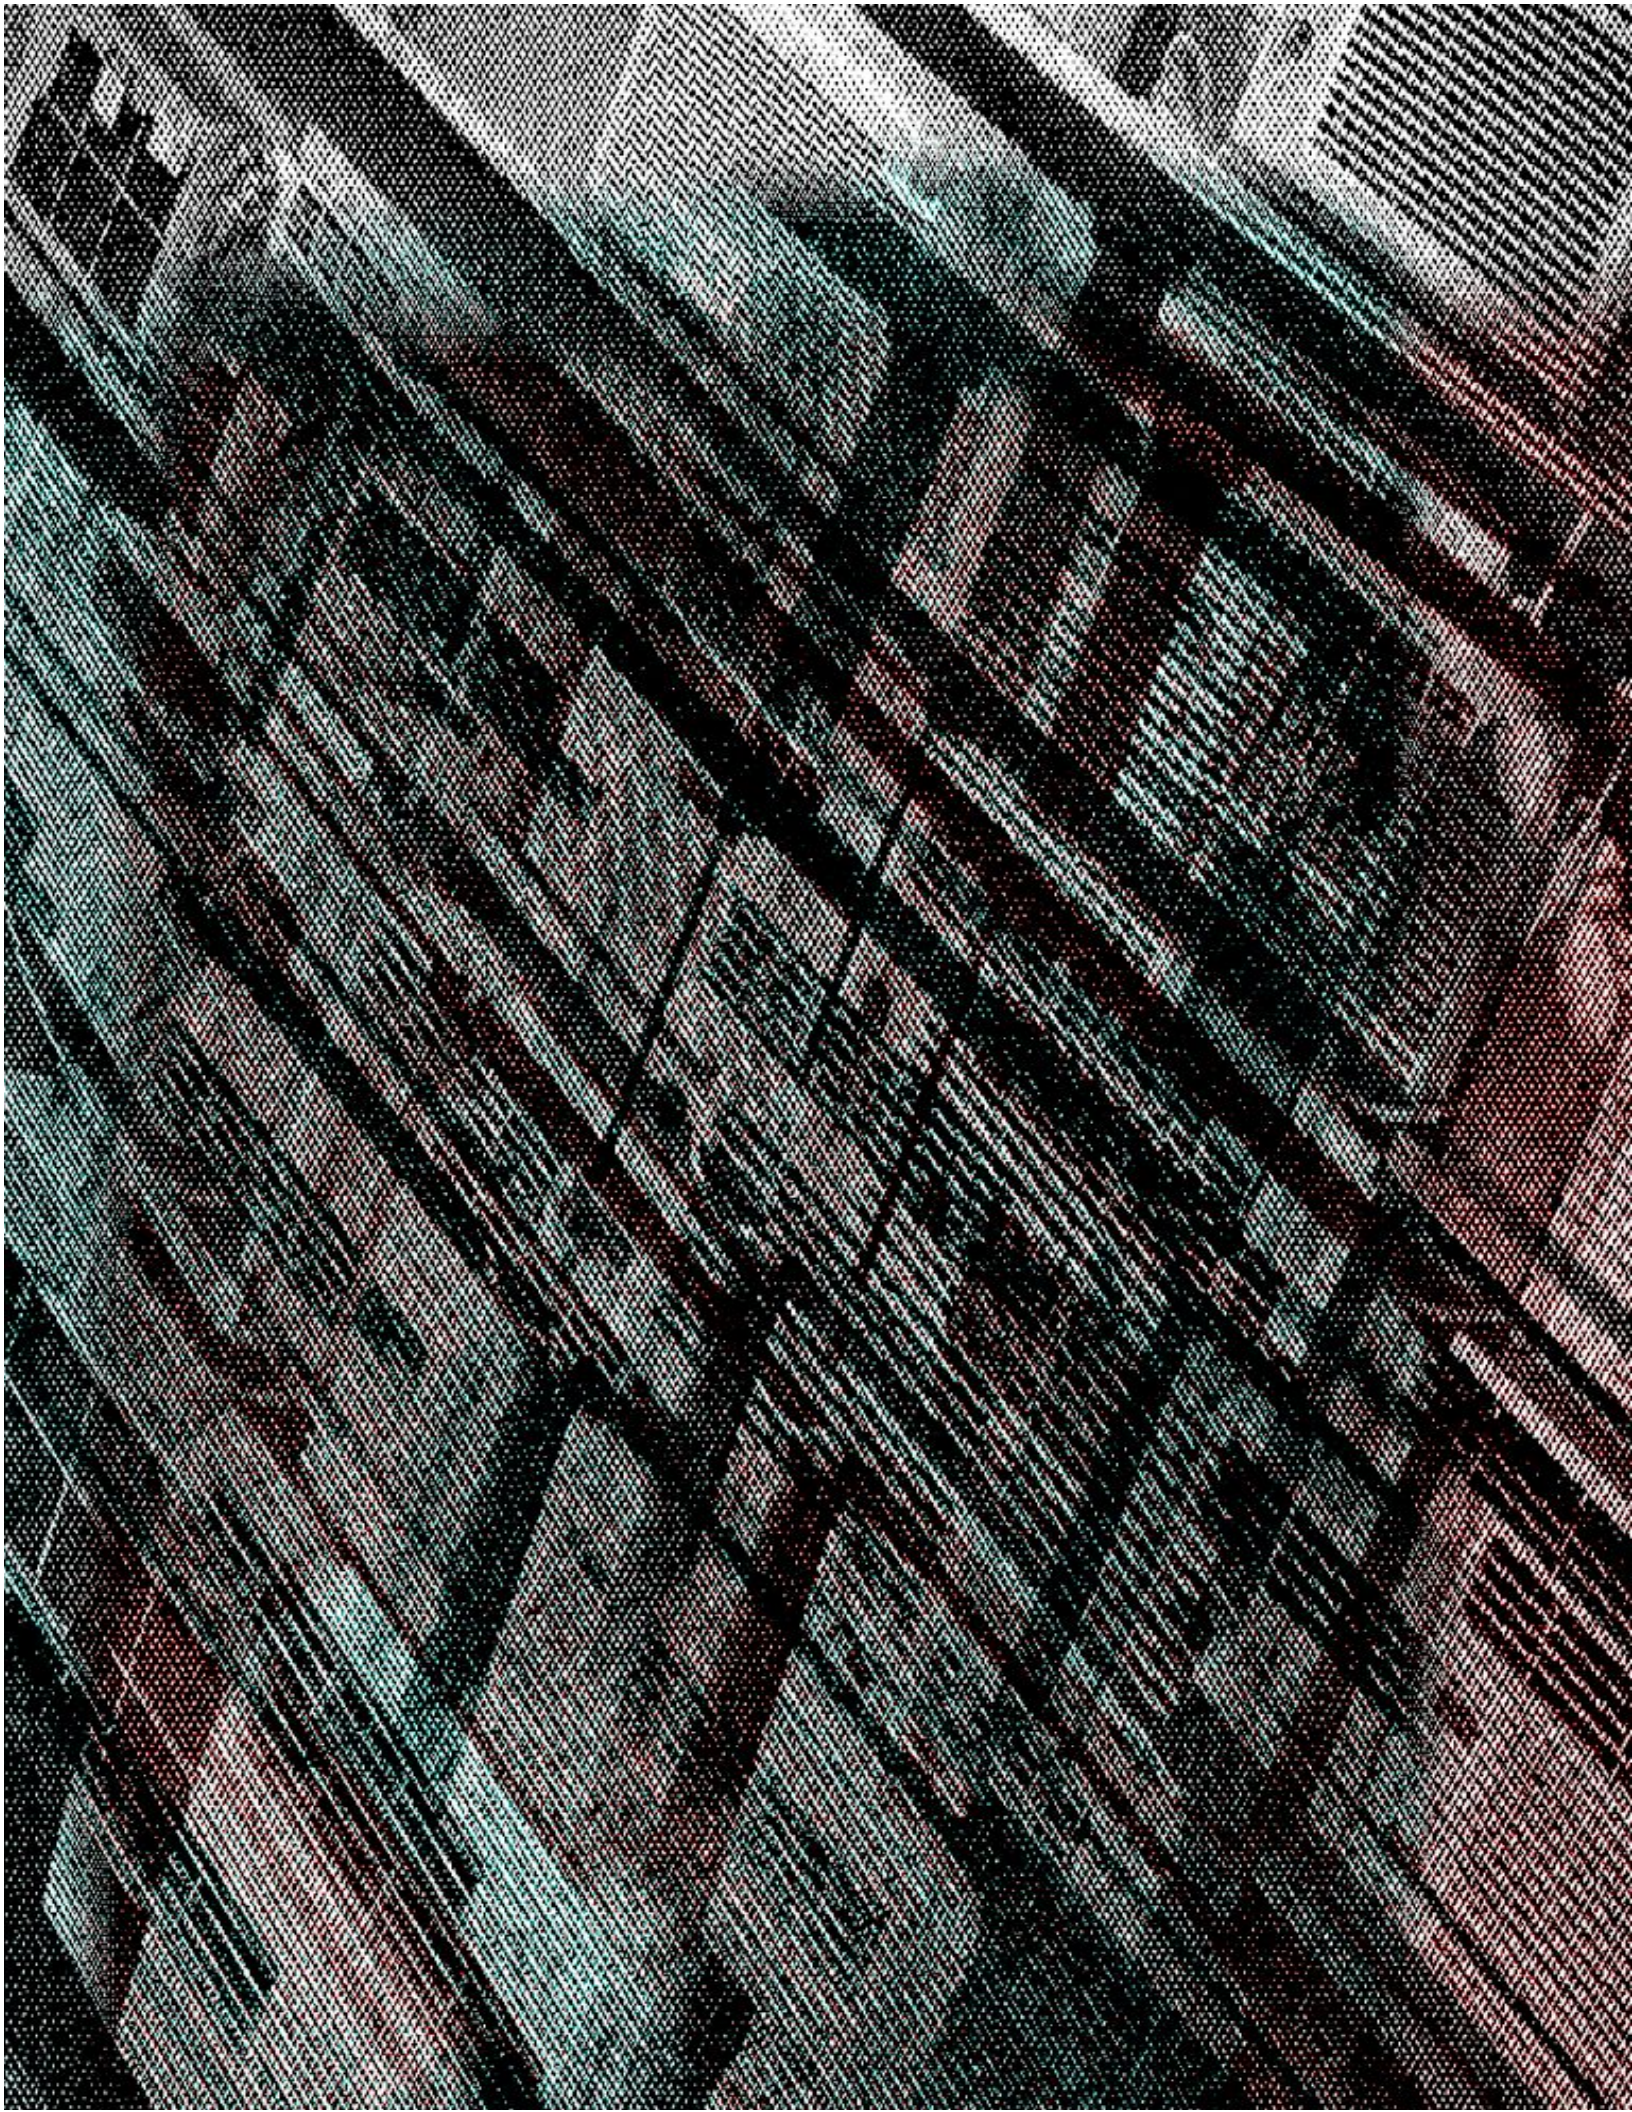

There is a sense
of danger and
dread with going
on with every
thought in my
head. I cannot
shake it away with my
spindly arms.

In the Great Extremity War, the
toes fought the fingers in games
too bloody to mention. They came
out only hurting themselves more
than they ever thought. Woe be
them.

I couldn't
rub my eyes to see
the truth since I lost
all my fingers to the toes. I can't
feel my toes so they mean nothing
to me. Feet are strange beasts,
suffering constantly by the great-
est of weights and make no
response.

Seriously, this guy does the best cosplay. He's always everywhere in every con I go to and he always looks so psyched. He takes a simple cosplay and has much fun with it. I do not know what to do with this photo but I thought it was nice to look back at all these wicked cosplay pictures and that the only one that br
